Extract ~~from~~ the remarks of the Decd Conncellor d 2nd March 1903 on the Government Aided Girls' school, Maddagiri

× × × ×

This is a grant in aid school It has been in existence since 1892 Other schools elsewhere, similarly circumstanced seem now to be Govt institutions fine and simple. It seems to me that the time has arrived for extending to this school a like treat-ment The additional cost is not likely to be large This is a matter which I hope will receive the Dgls favourable consideration The towns-people have built for the school an excellent building and they propose to make a gift of it to Govt in case the school is turned into a Government institution what is more, they offer to place at the disposal of Government the Rs 600 they have put by for the benefit of the school

I am in hopes of the school showing an improvement under

under the altered conditions
have suggested above.

The above remarks were
communicated to the Dfl of Edn in
this office Docket no 16983/Ed486
d the 29th May 1903

With reference to them, the
Dfl states that to make the Aided
Hindu Balika Pathasala of Maddagiri
a Government institution would mean
the ruin of the Wesleyan mission aided
Girls' school in the same town the latter
school was established first and it is still
attended by a large number of Brahmin
~~girls~~ girls A few years ago some of the
Brahmin officers connected with Maddagiri
opened a Hindu Balika Pathasala and
after maintaining it for a few months
asked Government as usual to take it
over and make it a Government insti-
tution such a procedure would
be against the principle of encoura-
ging private agencies by grants
in-aid The correct policy in such
cases as recommended by the Edn
commission of 1881 is not to establish
a Government institution in a
place where the first school is
an aided institution maintained
by a private agency this principle
has been followed by the Department"

RCB 18/6/03) The reasons assigned by the I.G. do not seem to be 18/6/03

[illegible] where [illegible] and when Girls Schools are concerned there seems to be a great reason why Govt should take up the management of the [illegible] which has been established by private enterprise and brought up to a state of efficiency. Further when Govt recognises the institution by giving a grant-in-aid why should it not pay the whole cost and take up the entire management? 2

18/6/03

As an alternative, we may call for a report about the strength of both the schools & then decide if both are needed. The question is a delicate & difficult one. Submitted for orders

18/6/03

Why not have both the schools? The one does not seem to come at the ruin of the other. [illegible]

Docket No 4348/137 dt 18/11/03 from the Dfl Edn

The Dfl state, that in District Head Quarters such as Bangalore, Tumkur Chickmagalur, Shimoga and Mysore, there are both Govt and Aided Kannada Girls schools

But there are only three instances where the Govt and Mission (aided) schools exist in Taluk Stations These are 1 Anekal 2 Mandya and 3 Maddagiri

~~Two three~~ The school at Maddagiri is now aided by Govt The suggestion of the DI Councillor was that it may be converted into a Govt institution (vide his inspection note quoted at the commencement of this note)

The question is submitted for orders

Ref V7-11-3) The strength of the schools at the three Taluk stations is given below. ——

	Mission school	Govt school
Anekal	34 ~~H~~ Girls	48
	23 (average attendance)	23 (average)
Mandya	50	27
	49 (average)	20 average
Maddagiri	110	53
	66 (average)	36 (average)

Ref. Subject to above Orders have been

6 to be passed as to whether the Grantham Girls school at Madanpur should be taken up altogether under Govern ex Management or not. The conversion of the School into a Govt institution seems desirable as such a measure would secure the permanency of the school which is now in an efficient condition

Docket issued (vide No 92951 D

In obedience to the orders
of 6-12-1903 passed by the Dewan
on the previous page, information
was called for from the DPI of Edn on
the following points —

(1) what the cost of the
present establishment of the School
(called Hindu Balika Pathsala
at Maddagiri) is at present and

(2) If the school be converted
into a Govt institution, whether
the same estt will be adequate and

(3) whether the additional cost
required maybe met from Savings
in the sanctioned heads of the budget
for 1903-1904

In reply the DPI states in
his Docket No 5731/200 dated the
8th January 1904

(1) that the present cost of the
estt of the school is understood to be

HD master	R 12
Asstt master	9
— Do —	7½
Conductress	4
Contingencies	½
Total R	33 a month

(2) that the present establish-
ment (when the two present asstt masters
who have not passed any exam
are replaced by passed men) will be
quite adequate even if the school
be converted into a Govt institution

(3) that, as there is no

no savings in the sanctioned budget for 1903-04 (current year) the additional cost viz (the difference between the cost of the establishment and the present grant-in-aid that is 33 − 22 = 11 Rs a month or Rs 132 a year) may be sanctioned from the 1st July 1904 the necessary provision being included in the budget estimates for 1904-05 (next official year)

In this connection the Insp[r] General again brings to the notice of Govt that, the ~~dft~~ mission aided school at the same place, he deprecates the conversion of the Hindu aided school into a Govt institution

Dear Sir,

In re the Maddagua Girls' School, the Russian people are likely to give us some trouble. Apart from the merits of this individual case, we ought not, in my humble opinion, admit their contention on principle. It is a matter for regret that Mr Bhabha has somewhat weakened our case. Our caste girls ought not to be forced either to attend an indifferent aided School, or a Russian School or to go altogether without education of which they are so much in need. Herewith Mr Rees' note and the reply I propose to send thereto. Would I could quote your words, but the file is not with me. I believe it was submitted to you the other day. If you approve of the reply, kindly have it returned to my Personal Assistant who will send it off to Mr Rees.

SIR

With reference to your docket No 16983 / Ed 486 dated the 29th May 1903 and with reference to the remarks made by the 2nd Councillor in the Visitors' Book of the Government Aided Girls' School at Maddagiri, I have the honour to inform you that to make the Aided Hindu Balika Pathasala of Maddagere a Government institution would mean the ruin of the Wesleyan Mission Aided Girls' School in the same town. The latter school was established first and it is still attended by a large number of Brahmin girls. A few years ago some of the Brahmin officers

connected with Maddagere opened a Hindu Balika Pathasala and after maintaining it for a few months asked Government as usual to take it over and make it a Government institution. Such a procedure would be against the principle of encouraging private agencies by Grants-in-aid. The correct policy in such cases as recommended by the Education Commission of 1881 is not to establish a Government institution in a place where the first School is an aided institution maintained by a private agency. This principle has been followed by the Department.

I have the honour to be,

Sir,

With reference to the General Secretary's docket No 2951 dated 11th December 1903, I have the honour to inform that the present cost of establishment of the Arya Balika Pathasala at Maddagiri is said to be as follows

	Rs
Headmaster	12
Assistant Master	9
Do	7½
Conductress	4
Contingencies	½
Total	Rs 33

In the annual return of expenditure the average monthly expenditure is state

to be about Rs-35 Of the total cost Rs-22 is paid by Government as a Grant which is the same amount as that paid to the Wesleyan Mission Aided Girls' School.

2 The Headmaster has passed the English Lower Secondary Examination, but the two Assistant Master are unpassed men, and will have to be replaced by passed men if the school is taken over by Government. The classes are thus formed.

		No of Girls.
Meddle Stage	V Class	3
Lower Primary	I Class	5
Do	Infant B	10
Do	Infant A	35
	Total	53

The average daily attendance is only 36. It will be seen that the school is really a Lower Primary School with only 3 additional girls in the V Class.

3 The same establishment will be quite adequate for the present attendance if the school is converted into a Government Institution.

4 There are no savings in the budget from which to provide the difference between the present grant and the cost of establishment This difference will have to be specially sanctioned from 1 July 1904, if the school is converted into a Government institution. But the Inspector General would once more in the interests of the aided School deprecate such a conversion at a taluk station

Dear Mr. Srinivasa Iyengar

It is rumoured in Madgiri that the Arya Balika Pathshala, which is an aided girls school is about to be taken over and made a Government school I hope the rumour has no foundation in fact. Our Mission Girls School was for many years the only school in the place, and when this institution was started so long as it remains an aided institution we have no cause to complain but if it is made a Government school, we shall regard it as a breach of a compact, unwritten but hitherto observed, that outside head-quarter towns, where Mission schools already exist, no Government schools will be opened It will be most prejudicial to aided Education if a different policy is followed

I have written to you there

Dear Mr Rees,

Thanks for your note of the 4th instant It is true that Govt contemplate the move you refer to, viz, the Conversion of the Anglo Caste Girls' School at Shaddapur into a Govt Institution But I do not think that this involves any breach of compact with your Mission The case of Girls' Schools stands on quite a different footing from that of Boys' Schools Much depends upon the circumstances and needs of each locality In the present case, I have satisfied myself by personal inspection and local enquiry that there is real need, and sufficient room, for both the Schools and that the one is not likely to conflict with, or operate prejudicially to, the other The Mission School can stand on its own merits, and there is no reason to apprehend that it will suffer in any way by the Management of the other School being taken over
